5. Yes but not at this time of COVID-19. First we have to get the businesses up and running again then yes I am in favor of increasing the minimum wage and putting a freeze on mark ups. Businesses including mom and pop stores net profit alot of money to be able to share with their employees. If it wasnt for their employees they wouldnt be a successful business. People of our island shouldnt have to struggle as much as they do. Just because minimum wage is a certain dollar amount employers should take it upon themselves to pay more.
6. At this time of COVID-19; Yes
